

THE BALD EAGLE REPEATER ASSOCIATION.

2

March 13, 1979.

The regular meeting of the Bald Eagle Repeater Association was called to order by Robert Shearer at 7:30 PM. at the Robert Shearer residence. Bob said Jay Kennedy called him on the phone and wants the repeater moved to another location. No action on this at this time. Due to the small number of members present it was decided to dispense with regular business at this time.

After much discussion it was decided that a contract of agreement be drawn up between Jay Kennedy and The Association, also between Mark Cohen and the Association. This to protect all parties involved. The terms of the agreement for payment for the repeater to be paid in full in nine (9) months or less.

During the meeting Mrs Shearer served coffee to the group which was greatly appreciated.

The Treasurer John Cooper reported we have a balance of \$201.04 in the treasury. An account has been set up in the Bank of Central Pennsylvania.

The next meeting to be held at J & M Electronics Center on Montgomery Pike So. Williamsport at 2:00 PM Sunday March 18, 1979. The membership to be notified.

The association is going to try and schedule a car wash for the near future.

Robert Shearer accepted the position of Chairman of the Association for the time being. After the Association gets into full swing an Election of officers will be held.

Members present at this meeting were, Robert Shearer, John Cooper, Paul Eck, Don Cook, and George Waddell.

George R. Waddell - Secretary recording.
