Under old Business it was noted that Bob Shearer had the keys for the ^{Repeater} building for the officers and would be giving to them.

It was stated that the building housing the repeater was ~~becoming~~ ^{in bad} shape and it was suggested that a smaller building built out of Cinder Block be constructed. Carl McDaniel stated that he would inquire on Building Materials and get a cost estimate.

Melvin Bennett states that Gene Hunter WB3ABC had checked out and adjusted the Club repeater with his ^{metro} company equipment earlier in the year and that he would do this yearly for in exchange a year of free dues. A discussion on this in detail and was generally agreed that no free ^{yearly} dues would be issued for services rendered. It was felt that other Club Members do their share of free work & time with no yearly free dues compensation.
